What REALLY goes into a wine?

It's not just the grapes, though our grapes are grown in the Yasmund mountains are fantastic. Our company uses a process that **only half-ferments** our wine, leaving the finished product with a **sweet** and slightly alcoholic taste.

Yasmund Vineyard brews and labels our wine right here in Cincinnati, Ohio. Our delicious brew is bottled and sent all across the nation.

Can a TOUCH OF SWEETNESS really help?

While traveling through Europe, Cindy learned to love the tradition of having a small chocolate cookie with her after-meal coffee. The concept became our product, a **chocolate-dipped spoon** for just a **touch of sweetness** to pair with your bitter brew.
