## SULLIVAN WICKLEY

Tenant Build To Suit Development  
Shopping Center Development  
Retail Leasing and Management  
Tenant Representation Services  
Investment Sales

BEYOND EXPECTATIONS

OUR STORY

Sullivan Wickley operates in three distinct areas: our Development Services specializes in tenant build to suit programs and shopping center development, our Third Party Services which includes leasing, tenant representation, property management and investment sales, and our Portfolio Ownership which manages our private real estate investment fund for acquisitions.

Sullivan Wickley was founded in 1996 by Brian Sullivan and Adam Wickley to create a full service program of build-to-suit and commercial development combined with premier brokerage services. With our extensive real estate experience, the company seeks to leverage its long term relationships and track record of success to provide excellent services, deliver quality locations for our clients, and cash flow and value appreciation for our partners.

100+ Shopping center and build-to-suit developments since 1999

3 Million SqFt Average Leasing Inventory

\$50 Million Average Investment Sales transactions per year

DEVELOPMENT

Tenant Build-to-Suit / Freestanding and Multi-tenant Relationships, trust, problem solving and consistent performance define Sullivan Wickley's build-to-suit program. Our select clients benefit from our unparalleled focus and volume cash savings. But it's our streamlined due diligence and development processes that deliver projects on-time and on-budget - every time.

Shopping Centers Sullivan Wickley has a long history of developing shopping centers for its own portfolio. Conservative underwriting, realistic CAP rates and competitive market rents have shaped our portfolio and ensured strong returns on investments.

**IHG® Loyalty Summit | The Foundations of Loyalty**  
Cultivating meaningful relationships with today's consumer

Consumers today have unprecedented choice. It's never been more critical for brands to form meaningful relationships with customers. Loyalty programmes have to adapt to a world of constant, disruptive change and recognise what matters most to their members, in order to be successful.

So in a world where technological innovations are moving at unparalleled speed and where both individuality and inclusivity matter to consumers, how can brands make membership meaningful?

Please join IHG® as we host a conversation about customer and brand loyalty—and how to make loyalty membership more relevant and rewarding. Moderated by Reuters' Angeline Ong, you'll hear from some of the most innovative thinkers on brand and consumer behaviour.

In partnership with:

**You are invited to lunch and an exclusive interactive tour of the Cox Smart Home – “Connected Independence” – where you'll experience how technology is helping seniors age in place.**

- Demonstrations will include home automation, telehealth, virtual reality, security and entertainment
- Industry experts will provide insight on how connected devices safeguard the quality of life and security for the aging adult
- Smart technology solutions and monitoring apps will illustrate how a Connected Independence smart home makes aging in place more viable
- Learn how technology offers solutions and peace of mind for family members who can't be physically present with their loved ones

Connectivity is changing how we live, work and interact within our community and our world, making it possible for aging adults to remain in their home longer.

Join us for this unique, interactive experience on Friday, December 1 in Chula Vista.

**Please RSVP by March 20.**

Watch this inspiring glimpse of the future for dramatic changes coming in the way we connect and interact with one another and the world around us.

# ATLAS

Atlanta for the Advancement of Security

## First name,

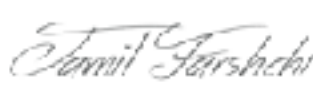

As a fellow CISO, you know that in recent years, Atlanta has welcomed many of the world's largest companies, transforming our city into a hub that demands leadership in information security. I believe it's time for all of us leading prominent Atlanta-based companies and government agencies to come together as a collective team, identify the challenges we face, and collaborate on solutions that move our profession and industries forward.

Please join me as a founding member of ATLAS – Atlanta for the Advancement of Security – a groundbreaking and recurring council of metro Atlanta CISOs, led by CISOs. The first forum will be hosted at Equifax on Tuesday, May 22 at 6:00 PM. Beyond networking, we'll have the unique opportunity to dissect the Target and Equifax data breaches with special guest and former Target CISO, Brad Marino, followed by open discussion to identify the path forward for this group and share how we might work together in the future.

**Brad Marino**  
Executive Vice President  
Bechtel Hamilton

Information security is everyone's problem. Let us be Atlanta's thought-leaders providing solutions and insights, gathering regularly to be a powerful force to evolve our professions and potentially, to cultivate and attract new talent. I hope to see you on May 22 for this first-ever CISO-driven executive gathering.

**Jamil Farshchi**  
SVP, Chief Information Security Officer
