Experience

Jan 2016 - Current
Graphic Designer - MedBridge
Worked with a team of post production professionals in a fast paced environment designing layouts for different departments. Collaborated with project managers and other designers to create and format assets for animations, online medical courses, and marketing collateral. Developed numerous marketing programs (newsletters, infographics, advertisements, handouts, presentations) and guaranteed that they exceeded clients' expectations. Consulted with multiple departments on the most appropriate graphic design options based on their short and long term goals. Regularly created proposals for brand direction to stay up to date with design trends.
