---

A Software Engineer by degree and profession, possessing keen interest in developing Web Apps and working in JavaScript Frameworks such as Angular and Node, for development of client and server side. I've been working on projects focused towards front-end development using Angular as a JS Framework to create efficient and scalable apps. My aim is to learn and grow, to excel in my chosen career field while working with a great team to utilize my skills as well as groom myself, ultimately benefitting the company.

## EXPERIENCE

JUNE 2019 – PRESENT

**FULL STACK DEVELOPER**, VQODE SOLUTIONS (PVT.) LTD.
