## PROJECTS

### BADGER MAP — ROUTE PLANNER FOR SALES

**Client** - Badger Map Inc. (US)

**Description:** Badger Maps is a field sales management solution that offers planning, routing and scheduling features, combined into one integrated application. Badger Maps is cloud-based and also offers Android and iOS mobile apps for using the service on the field.

The map-based interface offers several filters for helping sales reps manage customer relationships in their territory. Badger Maps also supplements new lead generation by displaying prospective clients on their filtered map.

### MIND YOUR LOVED ONES — MEDICAL SOLUTIONS

**Client** – Mind Your Loved Ones Inc. (US)

**Description:** This app is developed for US old age citizens to maintain all the personal data, which would be accessible in case of emergency. Allows to create Profiles, Personal and Medical information, Insurance Information, Specialty Contacts, Notes and appointments, Prescription trackers. It also has data sync facility, fax and email the documents and Import and export profile functionality.

### JOINT MULTI SIM — CALL FORWARDING

**Client** - Gary (Singapore)

**Description:** Joint Calls is a call Forwarding app that is compatible with iPhones that have iOS 9 or later. This makes call forward so easy as all you have to do is choose the numbers that you want re-directed to a new number and if you are very busy or unreachable those important calls will always be picked up.

## **FUTURE GENERALI**— *TOTAL INSURANCE SOLUTION*

**Client** - Future Generali India Insurance Co Limited, Mumbai

**Description:** FG Insure is a simple app for your insurance needs. It's simple, convenient and easy to use to buy/renew and even manage your policy. Now an App to instantly access your policy details wherever you want. Insure is an easy, intuitive and a feature rich mobile app for Future Generali India Insurance agents. Agents can significantly improve their client servicing through this application. Agents can now issue the policy from the convenience of their phone and collect payments through electronic mode.

This app is designed to empower agents as they have multiple roles on field and a tool such as this app assists them manage their time efficiently.
