**DR. NOEMI LAIRET, M.D.**  
(Venezuela)

Dr. Lairet is convinced that technology is a powerful tool that can contribute considerably to the health of many.

Dr. Lairet, also commonly known as “Dr. Parpados”, which means Dr. Eyelids, has become a nationally recognized specialist in eye lid procedures with both surgical and non-invasive techniques. She has created a practice that solely focuses on ophthalmology and aesthetic rejuvenation for the periorbital region.

Dr. Lairet hails from the Central University of Venezuela and Miguel Perez Carreño Hospital. She has a degree in Aesthetic Medicine and a Master’s degree in Laser-Medical Photomedicine, with applications in Dermatology and Aesthetics at the Polytechnic University of Catalonia and Clínica Teknon, Barcelona, Spain. Training in CO2 laser assisted blepharoplasty and other eyelid procedures with Dr Mario Trelles, Instituto Vilafortuny, Cambrils, Spain.
